

AMPHIBIANS

Amphibians that breed here in the Oxbow are Bullfrog, Green Frog, Northern Leopard Frog, Cricket Frog, and Common Tree Frog. The Green Tree Frog is located downriver from the Oxbow, but in the future, they may arrive here to breed. American and Fowler's Toads also call and lay eggs along the shallows of the ponds and lakes as well as in truck tire and farm equipment wheel road ruts!

As they often stay motionless, see if you can photograph any of these interesting animals.

For more information, visit www.oxbowinc.org or call 812-290-2941.

For assistance in the event of an emergency, please call 911 (make sure you advise you are in Indiana) or the Dearborn County Sheriff's Dispatch at (812) 537-3431.
