

BIKE AND WALK

The bike/walk path on the top of the levee is maintained by the Lawrenceburg Conservation District (LCD). The LCD has responsibility to maintain all the levees surrounding and protecting Lawrenceburg and Greendale.

Proper maintenance of a levee requires that no trees grow on the levee so the LCD mows both sides of the levee down to its base. One of advantages of this practice is that the view from the top of the levee is essentially unobstructed and gives an excellent overview of a great deal of Oxbow, Inc. property.

Currently the bike/hike trail is an unconnected 1.2-mile-long section. It starts at the intersection of Hollywood Blvd. with US Hwy 50 and follows the top of the levee to Production Way in Hardintown. At the south end take a short trek through the streets of the town to get up on the levee downtown and take the 8-mile-long trail along the Ohio River to Aurora.

On the north end, there are hopes to extend that portion all the way to Elizabethtown to link to a trail that Great Parks of Hamilton County (OH) plans on building down the Whitewater River from Miami-Whitewater County Park to Shawnee Lookout County Park on the east side of Oxbow, Inc.'s property.

For more information, visit www.oxbowinc.org or call 812-290-2941.

For assistance in the event of an emergency, please call 911 (make sure you advise you are in Indiana) or the Dearborn County Sheriff's Dispatch at (812) 537-3431.
